Come Join Us

Why partner with SIAM ?

Partnering with the Society of Indian Automobile Manufacturers (SIAM) opens the door to a dynamic ecosystem driving innovation, sustainability, and growth in the Indian automobile industry backed by 40 plus member companies. By collaborating with SIAM, you gain access to invaluable industry insights, networking opportunities, and advocacy efforts that empower you to navigate challenges, seize opportunities, and shape the future of sustainable mobility in India. Together with SIAM, you can drive forward-thinking solutions, foster meaningful collaborations, and contribute to the continued success and evolution of the automobile sector in India and beyond. Join forces with SIAM and embark on a journey towards sustainable mobility.

Why on GEMS??

SIAM's commitment to sustainability and environmental stewardship aligns perfectly with the theme of this event. By joining forces with SIAM with its 4th Global Electrification Mobility Summit (GEMS), you not only demonstrate your dedication to eco-conscious practices but also gain access to a wealth of resources, initiatives, and collaborative opportunities aimed at driving sustainable initiatives within the automobile industry. Together with SIAM, you can champion green technologies, reduce carbon footprints, and pave the way for a more sustainable future for the automobile sector and the planet as a whole.
